The President's Turn

Happy July everyone! Hope you had a safe Fourth of July celebrating Independence Day.

I'd like to take a moment to share our view into the remainder of the year for our chapter...

First, there's our meeting approach for demonstrations. Virtual sessions will continue... feedback on it has been great, members are enjoying having both professional as well as member demos that they can participate from the comfort of their barker lounge chairs. With things starting to open-up, we are also looking to get back together for our monthly demo sessions targeting the upcoming August meeting. Our committees are working on the technical details, but we hope to be able to run both modes at the same time. More details coming on this...

Next, New Mexico State Fair is ON September 9th through 19th! Our fair committee is working to get us back in the 'swing' of the fair with our demonstrators during the fair, plus all the fun around submitting our pieces of work for the displays and judging. More on this as well as the committee works through the details, but in the meantime, start thinking about all the pieces you've been making. And remember, all are able to submit regardless of experience!!

Finally, watch your email as we continue to share opportunities for you to get free wood (Green Wood Committee) and various tool sales.

Thanks, safe turning, and let's hope the rains continue!

-Rick

Regular meetings are...

10:00 A.M. to 12:30 P.M.

July's Demo:

Turning a pop-up toothpick holder w/ Hy Tran

Join us for the July 2021 New Mexico Woodturners Demonstration, as Hy Tran shows turning a pop-up toothpick holder (see picture). This is a spindle project and is based on building a lidded box. Hy will show turning the box and the grain-matched lid with a functional fit. Hy will show one jam-chucking technique for turning a knob or finial on top of the lid; he will also show a different jam-chucking technique for parting the box from the wood blank cleanly. Turning and fitting the insert that pops the toothpicks up is another part of the project, along with final assembly. A detailed project handout will be provided on the website.

Beads of Courage – NMWT's 2021 Challenge

Beads of Courage is the NMWT's Community Service Project. Beads of Courage, Inc. is a 501 (c) (3) tax exempt organization working in partnership with the American Association of Woodturners (AAW).

Our Beads of Courage Bowls are taken directly to UNMH Children's Cancer Facility here in Albuquerque for local patients. However, bowls can also be sent to a National collection point in Tucson, Arizona.

UNMH Children's Cancer Facility has been treating nearly one hundred seriously ill cancer youngsters each year. For each medical treatment a child receives, he or she gets a bead which they can then keep in their bowl, hence Beads of Courage Bowls. The children do receive a bag to put their beads in but a Beads of Courage Bowl is far more special and reflective of the hard work to beat cancer!

Elias is featured on BeadsOfCourage.org with his prized wood turned box

The Challenge: Each club member to take the time and heart to make at least one Beads of Courage Box during 2021.

NMWT currently makes ~8 bowls a year & it would be great if we could increase that number exponentially.

Contact Scott Eckstein (505)270-0516, our NMWT Beads of Courage Chair, for more information, to purchase beads and to deliver your prized box/bowl.

Every "BoC" box submitted to the Instant Gallery will receive a half page photo below, or the Instant Gallery, to highlight challenge participants, their skills and their talents!

June's Demo: Tri-Corner Forms

June's demo was a tag team effort between NMWT editor, Scott Kershaw, and NMWT VP/Program chair, Don Roden. Tri-corner, three-winged or cube-on-a-bias turning was the theme with both Scott and Don turning different sized cubes – a solid cube from a log or a glue-up or sorts. The demo began with Scott discussing grain orientation and mounting. At bottom right you can see the cube positioned between centers. After balancing the piece and determining the wings to keep, Scott proceeded to remove material and form a tenon. Speed is a friend here and having interrupted cuts calls for sharp tools and delicate cuts. After the general principles were shared, Don stepped in with a massive Spectraply glue up. Don followed the same principles to get his form. Only this time, instead of making a bowl, Don formed the beginnings of a hollow form. Don paid careful attention to connect his wings to a domed center. You can see below that there's a crisp line distinguishing the wings from the dome with a shallow entry for the hollowing. Give tri-corner turning a shot and impress your family, friends, and clients with the "how'd you do that?" factor!

Silent Auction

Your contributions go to benefit the Red Hollenbach Scholarship Fund which is used to reduce the cost for members to attend professional demonstrator's hands-on sessions.

Please, while staying home, find nifty items or pieces of timber that can be auctioned at our next meeting to support the Scholarship Fun.

Ideas include rough turned bowls, gouges gathering dust, seasoned blanks or turning accessories.

Member Estate/Shop/Tool Sales Notice

*****Upcoming tool and wood sale in July*****

See the PSA below:

About 5 or 6 of us have organized tool sales for shop tool reductions or helping spouses sell the tools that a deceased member had acquired. *We have done this for about a dozen situations and have noticed a definite decrease in interest and purchases.* We price items at 50% of retail if tool is in good shape and less if tool shows a lot of use. **This notice is to inform, ESPECIALLY NEW WOODTURNERS, that you are missing out on some real bargains on power tools, hand tools and wood.** Most wood workers value their tools and take good care of them and, as such, are of good value to pass on to the buyer. These sales are also often a great source of high quality turning blanks. *We give sellers a free service AND give them real hope that our members will clean their space of tools.* These sales are especially a real good opportunity for NEW WOODTURNERS to fill out their shop and we HIGHLY encourage all members to pay close attention to these sales. Undoubtedly more will happen.

Sincerely yours,
"The estate sales team"

NMWT on Social Media

The New Mexico Woodturners are on Facebook and YouTube!

Various members of the NMWTs moderate the social media accounts and promote the craft and our club actively on these outlets.

Facebook is just one way to share your work. However, it's also a great platform to ask questions, request constructive criticism and rub shoulders with other turners.

A number of the Facebook group members are not NMWT members and that's okay! However, by our NMWT membership being active on social media we can also share the benefits of club membership, promote club activities and foster relationships with turners around the globe.

Please join the Facebook group, subscribe to the YouTube channel and watch us grow turning!

Above: New NMWT member, Jeff Palmer, shared these turnings he's made. With a new lathe, he's ready to turn many more!

Above: James Redstrom shared his new hollowing setup including an articulating arm and steady rest. We hope to see what James turns with his new accessories.

Membership Renewal – Now Online!

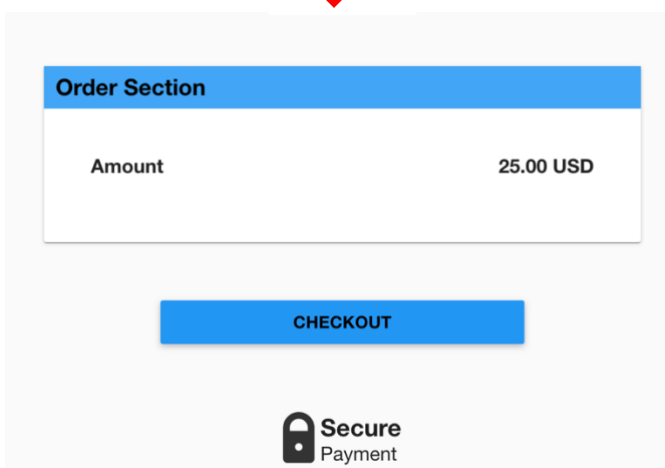

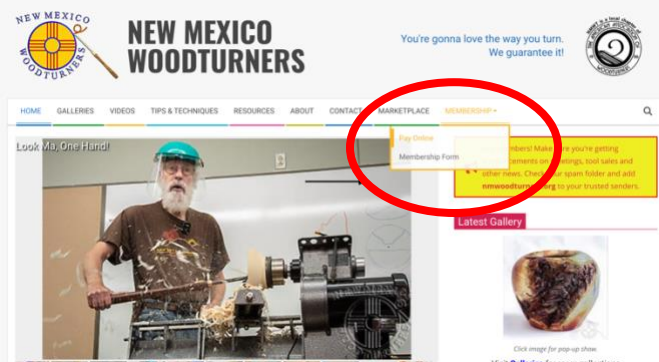

Web-Based Credit Card Dues Payment Now Available

Most of our NMWT memberships are currently set up on a calendar year basis with expirations at the end of December. So now is the time to start renewing memberships for 2021 and beyond for those who need to (your current membership expiration date should be listed on your membership card).

We are very pleased to announce that you can now pay your membership dues with a credit card on the NMWT website at <https://www.nmwoodturners.org/>. To access online dues payment, simply go to the new “Membership” tab near the top of the homepage and select “Pay Online” from the drop-down menu. This will take you to a secure website managed by Converge, our credit card service provider. There you will find a series of “Buy Buttons” that are clearly labeled with each membership dues option (i.e. 1 Yr Individual Membership \$25, 2 Yr Family Membership \$55, etc.) Simply select the dues option that you want and then hit the “Checkout” button. You will need to fill in all of the contact information on the payment processing page so that the Treasurer can confirm that our membership records are up to date and also so that he can send your new membership card by regular mail. Also, due to some reporting limitations of the Converge website, you will need to once again select the dues option you want from the drop-down menu labeled “Items Purchased”. Fill in your credit card information and hit the “Submit Payment” button to complete the transaction. You should receive an “Order Confirmation” with full details of your purchase by e-mail, and the Treasurer with mail your membership card to you. That’s all there is to it!

You can, of course, still mail a check along with current contact and e-mail information to our Treasurer, Tom Durgin at 39 Magic Valley Rd., Sandia Park, NM 87047. The easy way to do that is to go to that same new “Membership” tab on the NMWT homepage and select “Membership Form” from the drop-down menu. Fill in the form (PLEASE PRINT CLEARLY) and mail it to Tom with your check. Should you have any issues or questions regarding the new Credit Card payment system or if you are not sure if your membership expires at the end of 2020, feel free to call Tom at 505-688-1369 or e-mail him at f250tom@msn.com.

We hope that the new dues payment option encourages members to renew soon as the club has operated in the red for most of this year due to COVID and the resulting loss of normal revenue streams such as raffles, silent auctions, etc. It is also easier on the Treasurer if the membership renewals are spread out a bit rather than everyone waiting until the last minute to renew.
